Updating MTC firmware

- 1. Save the latest Application (.irb) file to your PC or USB drive.
- 2. From the controller or web browser go to System Maintenance->Firmware Update.

3. Select Update Type as Controller Update and select the Upload button.

Firmware Update	
Update type	Controller Update
Application Version	100.1.1.6
	T Update

4. Browse and select the .irb file and select Open.
